

## SUBMISSION GUIDELINES

Paragka is open to any type and subject of submissions;

**TEXT IMAGE FILM SOUND**

[photos, drawings, paintings, videos\*, stories, essays, music\* and/or more]

\*Please note that **MOVING IMAGE** and **SOUND** submissions will be part of the zine02 and available only in digital version.

## RESOLUTION

All images should be submitted in a high quality resolution of 5000 pixels (long side) and 240dpi.

Low resolution images cannot be included or printed.

We accept submissions in English and Greek. Greek should be translated in English too, if possible.

All material must be submitted with **TRUST**

Our goal is to create a 2nd zine issue with care which will become a unity / **entirety** rather than a “host” of individual / separated submissions. With this in mind, all submitted material will be displayed in various /mixed sizes and order, based on how each piece might affect, (co-)exist, connect and converse with each other.

We will try to respectfully select what works best. This means that some submissions might not be included in this issue.

Please talk to us if there are any important restrictions regarding your work that might contradict the above mentioned.

Thank you,  
Paragka
